

APRIL 2010 – PSB Introduces Peerless-Premier to the US Line

Pacific Specialty Brands introduces Peerless-Premier to our U.S. line.

Peerless-Premier Appliance Co. manufactures gas, electric and commercial-styled ranges. Made in America, every range produced by Peerless-Premier has a Lifetime Warranty on All Top Burners, an industry-exclusive benefit. In addition, all Premier gas ranges (with electronic ignitions) can be lit with a match during an electrical power outage, a benefit not provided by other ranges retailed throughout the country.

Peerless-Premier Appliance Co. started in 1912 by manufacturing cast iron, coal and wood stoves. Today the company offers over 50 different styles of gas, electric and commercial-style ranges, with sizes varying from 20- to 36-inch. All products are crafted with pride in the USA. This privately owned company provides top quality products and dependable service to all of its customers.
