

March 2010 - NEW AGA PRO+™ Series

AGA MARVEL has launched a new exciting line of cooking and refrigeration products, call the AGA PRO+™ series.

At the center of this new line is the world's most versatile 36" self-clean pro range with an internationally patented Energy Efficiency Panel (ESP) that splits the oven cavity in two - offering you different option and style of cooking. This modern range is loaded with rich features, self-clean function and energy saving benefits.

Dishwasher, Vent hood, French Door Refrigerator and Undercounter Refrigeration are all products of the PRO+™ series and are available in available in 4 PRO+™ designer colors and stainless steel.
