

## Pacific Specialty Brands - News

---

**April 2008**

[Marvel](#) is introducing a new product – the dual zone wine cellar. The dual zone wine cellar features Marvel's exclusive sentry system. The sentry system allows for a wide variation in temperature in both compartments. In addition this model features all the standard Chateau Series features such as UV resistant glass door, vibration neutralization system, glide out wine racks and much more. On top of this, the product looks stunning. Please [call](#) if you have any further questions.
